(d) Fax No.: **(302) 453-6980**

5. Supporting documentation required by 26 Del. C. § 203E(1), including evidence that all landowners of the proposed territory have been notified of the application:
See Exhibit B
6. A complete list of county tax map parcel number(s) for the area covered by the Application:
See Exhibit A
7. A complete list of tax map numbers with corresponding names and addresses of property owners and a copy of the tax map(s) for the area:
See Exhibit C
8. The Applicant hereby certifies that the extension will satisfy the provisions of 26 Del. C. §403C, including:
 - (a) The Applicant is currently not subject to a finding by the appropriate federal or state regulatory authority that we have materially failed to comply with applicable wastewater treatment standards; and
 - (b) The Applicant is not subject to any Order issued by the Commission finding that Artesian Wastewater Management, Inc. has materially failed to provide adequate or proper safe wastewater services to existing customers.
9. As shown in Exhibit A, a majority of the parcel owners of the proposed territory to be served agree with the filing of a CPCN to permitting Applicant to provide them with public wastewater services.
 - (a) A copy of the Application was sent to the Department of Public Health and Department of Natural Resources on or about June 23, 2009.
 - 1) The current status of such Application is: En route via mail
 - (b) The Applicant provides the following additional information with this Application:
 - 1) A corporate history including dates of incorporation, subsequent acquisitions and/or mergers are currently on file with the PSC;
 - 2) A chart, which depicts the inter-company relationships is currently on file with the PSC;
 - 3) A map identifying all areas, including all towns, cities, counties, and other government subdivisions to which service is already provided;

- 4) All copies of Applicant's annual reports to stockholders, and that of its subsidiaries, and parent for the last two years are currently on file with the PSC;
- 5) Applicant's audited financial statements, 10K's, and all proxy material for the last two years are currently on file with the PSC; and
- 6) Any additional information required by the PSC Staff will be made available on request.

Respectfully Submitted,

To Whom It May Concern:

We recently received a petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater service, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide wastewater services if a majority of the landowners in a proposed service area have requested the utility's wastewater services. This means that even if you have not signed a request for the utility's wastewater services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's wastewater services, then you need not take any further action. However, if you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 25. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Sussex Wastewater 0409. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

To Whom It May Concern:

We recently received a petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater service, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide wastewater services if a majority of the landowners in a proposed service area have requested the utility's wastewater services. This means that even if you have not signed a request for the utility's wastewater services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's wastewater services, then you need not take any further action. However, If you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 25. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Sussex Wastewater 0409. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
- (4) The written notice of your decision to object to the issuance of the CPCN, or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address listed below.
- (5) Any written notice you send to the Commission must include the description of the service area referred to in paragraph (1) above, your tax parcel identification number, and the name of the applicant so the Commission will be able to identify the CPCN Application to which your notice is related.
- (6) Questions regarding objections, opt-outs, and hearings may be directed to:

Re: Tax Parcel(s) 23502400000300

To Whom It May Concern:

We recently received a petition from you requesting that Artesian Wastewater Management, Inc. provide wastewater service to your property in Sussex County.

In order to provide your area with public wastewater service, Artesian must file for a Certificate of Public Convenience and Necessity (CPCN) with the Public Service Commission (PSC). Attached is information we are required to provide to all landowners within the proposed service territory prior to filing the CPCN Application.

The CPCN, when granted, will allow Artesian to be the public wastewater service provider for your area. You are not obligated to connect to the public wastewater system when it becomes available.

Under the law, the Public Service Commission is obligated to grant a CPCN to a utility to provide wastewater services if a majority of the landowners in a proposed service area have requested the utility's wastewater services. This means that even if you have not signed a request for the utility's wastewater services, your property may be included in the utility's service area if more than half of the landowners have made such requests. If you want your property included in the service territory, even though you did not sign a request for the utility's wastewater services, then you need not take any further action. However, If you do not want your property included in the utility's proposed service territory or if you oppose the utility providing services in the area, then you must do something under one or more of the attached options within 60 days.

Artesian provides excellent customer service. A recent survey of our current customers showed that 96% of our customers, if given the choice, would choose Artesian again.

If we can be of any further assistance to you, please feel free to contact me at 1-800-332-5114 or (302) 453-6983.

Sincerely,

Alan L. Fleetwood

LANDOWNER NOTIFICATION

In accordance with Delaware law and regulations of the Delaware Public Service Commission, the applicant, Artesian Wastewater Management, Inc., must show evidence that all landowners of the proposed territory have been notified by certified mail or its' equivalent of the filing of the Application.

- "(1) Pursuant to Title 26, §203D(d)(2) of the Delaware Code, an Application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 25. Your property has been included within an area Artesian Wastewater Management, Inc. intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Sussex Wastewater 0409. ***If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.
- (2) Under Delaware law, the Public Service Commission cannot grant a CPCN to Artesian Wastewater Management, Inc., if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.
- (3) You may also request a public hearing on this matter. The purposed of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant Artesian Wastewater Management, Inc., a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed Application for a CPCN, whichever is greater.
